

Rebecca Schwantes

Email: rebecca.schwantes@noaa.gov

EDUCATION

California Institute of Technology Pasadena, CA

PhD Environmental Science and Engineering

June 2017

Thesis: Identifying Isoprene and Toluene Gas-Phase Oxidation Products to Better Constrain Ozone and Secondary Organic Aerosol Formation in the Atmosphere

University of Virginia Charlottesville, VA

May 2009

B.S. in Chemistry with a specialization in Biochemistry

Distinguished Majors Program – Highest Distinction

B.A. in Mathematics

WORK HISTORY

Cooperative Institute for Research in Environmental Sciences, University of Colorado, Boulder National Oceanic and Atmospheric Administration (NOAA), Chemical Sciences Laboratory

Boulder, CO

Research Scientist 2

April 2020 to present

Evaluating and improving chemistry in the NOAA FV3 and WRF-chem models with an ultimate goal of improving simulated air pollutants including ozone and secondary organic aerosol.

National Center for Atmospheric Research (NCAR), Atmospheric Chemistry Observations and Modeling Laboratory Boulder, CO

Project Scientist 1

Sept 2019 to March 2020

Updating chemistry in CESM/CAM-Chem and assisting in the development of a new version of CESM called CAM-chem-SE-RR with the capability of regional refinement, which includes model development, emissions regridding, and evaluation against field campaign and surface observations.

Postdoctoral Fellow

Nov 2016 to Sept 2019

Updating, optimizing, and evaluating volatile organic compound oxidation chemistry in CESM/CAM-Chem, a community earth system model, in order to improve simulated ozone.

California Institute of Technology Pasadena, CA

Sept 2011 to Oct 2016

PhD Candidate

Conducted atmospheric chamber experiments under the supervision of Dr. John Seinfeld (primary advisor) and Dr. Paul Wennberg (secondary advisor) with a focus on identifying gas-phase oxidation products and secondary organic aerosol precursors using a CF_3O^- chemical ionization mass spectrometer.

Eastern Research Group, Inc. Chantilly, VA

Aug 2009 – March 2011

Chemist

Worked as a technical contractor to the US Environmental Protection Agency to help develop a new rule that would better regulate wastewater discharges from steam electric power plants.

HONORS and AWARDS

NCAR Advanced Study Program (ASP) Postdoctoral Fellowship

Nov 2016 – Nov 2018

Rebecca Schwantes

MENTORING, TEACHING, and SERVICE

Chemical Forecasting for Field Campaigns

Helped with chemical forecasting efforts for FIREX aircraft campaign.

Summer 2019

CAM-chem Wiki Development and Maintenance

Helped create and maintain wiki page for CAM-chem to expand the user community.

2018 - 2019

NCAR Significant Opportunities in Atmospheric Research and Science

Summer 2017 & 2018

Writing Mentor

Worked with undergraduate student to enhance writing and presentation skills.

Colorado Science and Engineering Fair Judge

April 2017 & 2018

Judged senior division high school projects for state science fair competition.

Summer Undergraduate Research Fellowship Program

Summer 2014

Mentor

Assisted undergraduate student in developing a project to better understand advected tracer transportation in GEOS-Chem, a global chemical transport model.

California Institute of Technology

Spring 2013 & Spring 2014

Teaching Assistant

Atmospheric Chemistry and Introduction to Environmental Science and Engineering

Caltech Y Rise Program

Oct 2011 – April 2013

Tutor

Tutored, as a volunteer, students in middle and high school struggling in math and science.
